EL SIGLO Comment

Havana PRENSA LATINA in Spanish 1255 GMT 14 November 1965--E (FOR OFFICIAL USE ONLY)

(Excerpt) Santiago de Chile, 14 November--Referring to the incident between Chilean carabineers and Argentine gendarmes on the southern border of the two countries, the newspaper EL SIGLO says that "the incident is not only a reprehensible attack detrimental to national sovereignty, but also a vast international plot against Latin Americans." It adds that the real leaders of the international plot are not in Buenos Aires "but in Washington, in the Pentagon, in the White House, and in the CIA offices" and that "behind the Argentine 'gorillas' stands U.S. imperialism, which uses the most reactionary segments of the armed forces as puppets and administrators."

The paper points out that the border incidents have taken place "at the very moment when the United States, through the OAS, brought together in Lima the Latin American military leaders for plainly political reasons and for the purpose of organizing armed resistance to the progress of the popular movement in our countries."
